For more information: <http://www.vgastmaurescrime.com/> (Vétérans 2020)

I – CATEGORIES AND RULES

Event rules are as defined by the Handbook of Regulations ("Règlement sportif", RS) available on the French Fencing Federation (FFE) website:

<http://www.escrime-ffe.fr/documents-outils-utiles/reglement-sportif>

II – REGISTRATION

Registration must be completed by **Wednesday 12 February 2020 23:59** at the latest.

- French federation (FFE) fencers and referees must use the FFE website: <http://extranet.escrime-ffe.fr>
- Teams of Fencing clubs from the French federation (FFE) must use the FFE website: <http://extranet.escrime-ffe.fr>
- Fencers (not registered with FFE) must send an email with their name, surname, gender, club, country and date of birth at the following address: stmaurveterans@gmail.com
- For the Challenge international (team event), teams (French teams if comprising fencers from different clubs or foreigner teams) must send an email with the team composition (names, surnames, gender, club, country and date of birth) and the team name at the following address: stmaurveterans@gmail.com

Entry fees are €15 for the individual event and €40 for the team event (invited "national teams").

Registration implies acceptance of these rules and regulations and the provisions deriving from them.

Regulations shall apply equally to unregistered and absent fencers.

III - SCHEDULE

Saturday 15 February 2020

Men's Veteran National Event (Circuit national)

Call of competitors: 10:30

Sunday 16 February 2020

Team events

Call of competitors: 8:00

Check in close: 8:30

Women's Veteran National Event (Circuit national)

Call of competitors: 9:00

Check in close: 9:30

*Teams will be allowed to report Saturday 15 February from 12:00 to 17:00.

IV – COMPETITION FORMAT

Men's National Event (Circuit national Hommes)

The Circuit national Vétérans Handbook of Regulations will be applied.

There is one round of poules (7 or 8 fencers), handicaps included, no elimination. Individual bouts last until 5 hits or up to 3 minutes, all age groups mixed. Fencers qualify for the direct elimination table (DET) with no repêchage, bouts lasting until 10 hits or up to 2 periods of 3 minutes each, and divided into age groups. DETs are established after the round of poules.

Women's National Event (Circuit national Dames)

The Circuit national Vétérans Handbook of Regulations will be applied.

If at least 31 fencers register, there will be 2 rounds of poules of 5 or 6 fencers all age groups mixed, followed by age group DETs depending on the poules results.

Team national event (qualifying for the French championship 2020)

According to Circuit national Vétérans Handbook of Regulations :

The event is only for French club teams Veteran Men. Team shall include 3 or 4 fencers. During a team match, the sum of the ages (31 December 2020) of fencers must always be equal or superior to 150 years. **Team composition can't be modified after registration.**

Direct elimination table (DET) with no repêchage, based on the standard ranking of the team-mates, following Italian relay format until 45 hits (9 relays of 5 hits), handicap being set before each relay. Classification matches will be organized. A team will be eliminated after 2 lost matches.

International team event

- Foreign Club teams, foreign teams, zone teams (see latest zoning in the RS) and “national” Veteran Men and Senior Women teams. Teams shall include 3 or 4 fencers. The sum of the ages of fencers must always be equal or superior to 150 years. Calculation of the sum age of

fencers is based on ages on December 31st 2020.

- As a non official event, the Challenge does not come under FIE, CEE or EVF regulations. “National” teams shall be registered by their national federations or their respective representatives (national veteran committee e.g.).
- The FIE regulations concerning the call of fencers to their pistes by the referee shall be strictly applied.
- Veteran women are not allowed to fence in the Team Event and in the Women’s Veteran *Circuit National*. One extra handicap hit will be awarded to Women fighting Men. It will be added up to the handicap hits defined in the applicable Handbook of Regulations within the maximum limit of two.
- Senior Women fencers shall be allowed to fence in the team event where they will be considered as V1 Men. Non Veteran Women will be considered to be 50 so that a team with three women will automatically reach at least 150. Mixed teams (i.e. mixing Women, either Veteran or not, and Men) shall be allowed. The age used for Veteran Women will be their real age augmented by 10 in all categories. Thus a Woman aged 45 will be considered to be 55.
- A Senior Woman will be allowed to be on a team if one of her parents is on that team, whichever club she belongs to.
- *Teams made of FFE fencers (from the same zone) or foreigners will be allowed (registration to be made by Saturday 17:00 at the latest). Such teams will be included in the poule round but won’t be eligible to the Main Table A (reserved for clubs and “national teams” only).*

Match format

- Poule : Relay system with one bout followed by DET of 2 winning bouts of relay system with no repêchage.
- Each bout is set as 3 relays of 5 winning hits or 3 minutes. Handicaps are applied and announced by the referee before each relay.
- If the score is tied at the end of the last period, a 1-minute sudden-death overtime period is fenced between the two fencers on the piste. According to regulations, one fencer is awarded priority by a draw and wins if no point is scored.
- Each team will be allowed only one replacement by bout, to be announced to the referee and the opposing team prior to the beginning of the bout.
- No replacement will be allowed during a bout even in the event of an injury.
- If a fencer withdraws because of injury, the opposing team’s score is augmented by the necessary points to reach 5, 10 or 15 depending on which relay was going on.
- If the injury occurs during the first or second bout, a change of fencer shall be allowed for the next bout.
- If a fencer wrongly starts a relay instead of a teammate, the on-going bout will be lost by that team as long as one hit has been scored during the relay.
- Teams must show up in full gear to their piste at the announced starting time for the match.
- If a team fails to show up, referees shall call on them twice and apply the appropriate penalties (as by FIE regulations), before declaring the present team winners if the other team still fails to respond.
- If both teams fail to show up, sanctions shall only be applied as one of the teams arrives. If after 5 minutes, both teams are still absent, each shall be awarded a defeat.

The organizer reserves the right to adapt the all sequences of the event, in agreement with the French Veteran National Commission, in case of Force majeure.

Referees

Foreign fencers are relieved of all refereeing obligations.

Directoire technique

A directoire technique, set up on the day of competitions, shall handle any conflict that may arise in all three competitions.

Refreshments

Food (including sandwiches) as well as hot and cold drinks will be available at the clubhouse next to the fencing hall. Cash payments only.

Armourer service

Planète Escrime will provide an armourer service during the two days of the competition.
