An Opportunity for all NVA Members

The Winton name has been synonymous with the sport of fencing for over 50 years, and the Winton Cup has been an inspirational competition for fencers since 1949.

The NVA, through the generosity of Bobby and Sir Nicholas Winton, has been presented with a magnificent Veterans Winton Cup, on the understanding that the well established "Winton concept" where teams representing regions around the country, meet over a weekend in a central location for the fencing, and join together to make the event a social occasion to be enjoyed also by the partners of the fencers.

The event will be on held Saturday and Sunday 13th & 14th September 2008 at a venue in the Midlands with a Gala Dinner on the Saturday night, and we are currently looking at several suitable venues, each close to a range of hotels near to towns and cities where non-fencing partners can enjoy local attractions and shopping.

It will be a nine Region, 6 weapon event with poule unique, and, like the Loughborough event that it replaces, open to fencers who have not been selected to represent Great Britain abroad in the year of the competition. Again, like the Loughborough event, a fencer who has been selected for Great Britain abroad will be allowed to take part but not at the weapon for which they were selected.

So, this is a competition which will attract a wide cross section of our growing membership, now standing not far short of 400 veteran fencers, and one which we hope will encourage all of you to consider when planning your diary dates for the year.

We are most grateful to Sir Nicholas and Bobby Winton, and thank them for giving NVA members the chance to compete in what will be a prestigious event, and for recognising the NVA as an Association that has grown over the past two decades into a successful body worthy of their support.

I am sure that you, our members, will support your committee in organising the Veterans Winton Cup, and we look forward to seeing many of you taking part in this major event within the Veterans and fencing community's calendar.

COMPETITION INFORMATION

Entry is open to regions; in this inaugural year we have asked regional representatives to put teams together.

All competitors must be at least 40 years of age at the date of the start of the competition and must be both NVA and British Fencing members.

Each team will comprise 3 fencers at each of the 6 weapons of MF, WF, ME, WE, MS and WS.

Substitution, to a maximum of 2, will be allowed only if that substitute is entered on the poule sheet at the start of a match.

Doubling up weapons is permissible at the discretion of the competition organiser, providing it neither slows up nor impinges on the smooth running of the competition.

The competition will be fenced between teams of 3 in matches. During the weekend each team will fence all other teams, with each fight to 5 hits to determine the winner and each fight for a maximum duration of 3 minutes of fencing time.

If the score is equal at time in any fight the priority rule will apply.

All matches will be fought to a conclusion of 9 fights.

Any fencer missing from a team will concede victories to the opposing team 5-0.

If at the conclusion of the competition there is a draw based on total victories, team places will be determined by a count back of hits for and hits against.

Fencers who have been selected for the European team or World Championships in the year of the competition are ineligible to fence in the competition at the weapon for which they were selected.

It is the responsibility of each fencer to ensure that personal equipment is safe. The NVA recommends FIE standard clothing and masks for personal safety and requires maraging blades for the safety of others at foil and épée. Such blades have the letters FIE stamped on the blade somewhere near the guard. Sabre blades must comply with current standards of stiffness and be dated 2000 or later.

The Winton Cup: old enough to join the Vets!

I started fencing when I was 15, and we were told to buy the Roger Crosnier book on fencing straight away. Bobby Winton and Roger Crosnier thought up the idea of a regional fencing team competition after the war to encourage regional fencing, starting the Winton Cup in 1949.

I fenced at school and then gave it up for 6 or 7 years. I then decided to take fencing up again at Southside in Surrey, with Marcia Stretch and Brian Causton. After a couple of years I was elated to be picked for the Winton Cup South East region. In the team were Janet and Peter Huggins, Steve Lennox, Roger Pye and Joe Shackell. We didn't win, but we had a great weekend in Loughborough and I remember it still.

22 odd years pass and I haven't fenced since my children were born. Eventually I decide to fence again, and join the Vets and Wellesbourne Sword club.

I am delighted when I am picked for the Winton again for Southern region, that year we are in and win the Southcombe Cup. Another year passes and we are in the Winton Cup proper, just to keep our position would be nice, but we actually go on to win it, that was the Winton Cup last year. I thought, my last chance fencing in a Winton cup, well here we are and I am actually organising the first Veterans Winton. It means a lot to me. If it means a lot to you, let me know and get your Winton history published. If you haven't yet got a Winton history, TRY and get in a team this year for the first ever Veterans Winton Cup Team Competition. It's going to be a blast!

Letters to the Editor:

From Carol Wengraf

I would like to thank all the wonderful Vets for their kindnesses, encouragement, information and support they gave me after my injury at the National Championships. What a great crowd you all are.

I have now exchanged my pretty pink plaster for a huge boot which allows me to be much more mobile. My upper body strength has increased so much from using crutches so watch out everybody for when I return.
